E **Evonik Corporation** **Tabletop 24** *personal-care.evonik.com*

Ingredient Supplier

TOTE BAG SPONSOR

Ceramides are naturally present in our skin and hair and contribute to keeping them protected and resilient, but we lose them daily through environmental and biological influences. Replenishment of these skin components is key to keep the body's natural shield intact. Having more than 25 years of ceramide experience, Evonik has successfully developed a ceramide technology platform which unlocks nature's secrets to help you develop dynamic, highly effective cosmetic formulations. In this short presentation, we will give an overview of how Evonik has successfully decoded the science behind ceramides, leading to a highly innovative ingredient platform for these hero ingredients.

Federal Package..... **Tabletop 23** *federalpackage.com*
